

I-Pro Triple Bowl Slush Machine

PRODUCT CODE NOT STATED | BRAND Summit

BOWL CAPACITY	TEMPERATURE RANGE	NUMBER OF BOWLS
14 litres per bowl	+2 to -8 C	3

PRODUCT OVERVIEW

The I-Pro Triple Bowl Slush Machine by Summit features three 14-litre polycarbonate bowls with individual removal for cleaning, stainless steel coolers, and a sealed compressor. It includes free-flow dispensing taps, thermostat-controlled cooling from +2 to -8 C, and a front/back-mountable control switch with illuminated top/back.

KEY FEATURES

- Crystal clear polycarbonate bowls, individually removable for cleaning
- Continuous paddle agitation to avoid foaming and liquid oxidation
- Thermostat-controlled cooling with stainless steel coolers and sealed compressor
