COOKING SURFACE THICKNES	POWER	VOLTAGE	GRILL AREA
12mm	12kW	380V 3 Phase \((N+E)\)	914 x 550mm

PRODUCT OVERVIEW

The Anvil Heavy Duty Solid Top Griller Electric 900mm is a commercial-grade flat-top grill with a 12mm stainless steel cooking surface, 12kW power, and 380V 3-phase operation. It features a fully welded stainless steel frame, rear castors, and integrated storage shelf for mobility and durability in high-volume kitchens.

KEY FEATURES

- Stainless steel construction with fully welded frame
- Integrated storage shelf and rear castors for mobility
- Robert Shaw thermostats for precise temperature control
