PRODUCT OVERVIEW

The EG-820 is a 4.4Kw flat top electric grill by ChromeCater, designed for commercial kitchens. It features a full flat grilling surface, double heat control, and requires professional installation due to high power draw and isolator connection. Dimensions are 730mm x 470mm x 215mm with a 6-month warranty.

KEY FEATURES

- Full flat grilling surface
- Double heat control system
- Stainless steel construction
