

SD1140-FLC Double Sliding Door Fast Lane Cooler

PRODUCT CODE NOT STATED | BRAND STAYCOLD/ALPACO CATERING

HEIGHT	WIDTH	DEPTH	REFRIGERANT
1350mm	1140mm	635mm	R290

PRODUCT OVERVIEW

SD1140-FLC Double Sliding Door Fast Lane Cooler by STAYCOLD/ALPACO CATERING features digital thermostat, Low-E glass doors, EcoMate insulation, R290 refrigerant, and adjustable shelving. Designed for energy efficiency with EC motors, LED lighting, and self-closing sliding doors.

KEY FEATURES

- Digital thermostat for accurate temperature control
- Low-E glass doors for improved insulation and reduced condensation
- EcoMate polyurethane insulation (water-based, non-flammable, zero ODP)

TECHNICAL SPECIFICATIONS

BRAND	STAYCOLD/ALPACO CATERING
DIMENSIONS (H X W X D)	1350mm x 1140mm x 635mm
REFRIGERANT TYPE	R290
INSULATION MATERIAL	EcoMate Polyurethane (water-based, non-flammable, zero ODP)
DOOR TYPE	Double sliding, self-closing, tempered thermopane Low-E glass
SHELVING	Fully adjustable per door
LIGHTING	LED internal
MOTORS	EC motors on evaporator and condenser
