PRODUCT OVERVIEW

Orchard Bounty Canned Mango Atchar is an 825g South African condiment made from pitted green mangoes, infused with spices, salt, and vegetable oil. The product undergoes a two-week resting period in drums, followed by canning and a hotpack process involving immersion in 80 C water for 15 minutes and cooling in a cold bath for 20 minutes to create a vacuum seal. No chemical preservatives are used.

KEY FEATURES

- Pitted green mangoes from local farms
- Infused with unique blend of spices and salt
