

4 Burner 1 Tank 2 Basket Fryer - Millivolt Gas Valve

PRODUCT CODE NOT STATED | BRAND CATS

MODEL	VOLTAGE	TOTAL POWER	OIL CAPACITY
MOD-CP-F4S-LP	220V	32kW	20-23L

PRODUCT OVERVIEW

Commercial 4-burner, 1-tank, 2-basket fryer with millivolt gas valve. Model MOD-CP-F4S-LP by CATS. Features solid state control, melt cycle, DVI safety, and over-temperature protection. Operates on 220V with 32kW total power and 20-23L oil capacity.

KEY FEATURES

- Solid state control behind door for faster, precise heat recovery
- Melt cycle and drain valve interlock switch (DVI) to prevent dry firing
- Melt cycle switch for slow shortening heating
