

NTF - 140kg Ice Machine Modular - Excludes Bin

PRODUCT CODE NOT STATED | BRAND NTF

DAILY ICE PRODUCTION	STANDARD ICE CUBE SIZE	WEIGHT	DIMENSIONS
140kg	7g	83kg	540 x 544 x 747mm

PRODUCT OVERVIEW

The NTF 140kg Ice Machine Modular is a commercial-grade ice producer designed for high-volume venues. It delivers 140kg of ice daily in a modular format, excluding the bin. Built for reliability in demanding environments, it features a stainless steel design and operates on 220-240V 50Hz.

KEY FEATURES

- Modular design allows pairing with optional bins for space and capacity flexibility
- Stainless steel construction for durability in commercial kitchens
- Designed for high-volume operations including bars, restaurants, and catering facilities
