

Prenox Automatic Deep Fryer

PRODUCT CODE NOT STATED | BRAND PRENOX

FRYING CAPACITY	CYCLE TIME	OIL VOLUME	POWER
4 portions per cycle	3 minutes	12L	7.5KW

PRODUCT OVERVIEW

Commercial automatic deep fryer with dual swivel barrels for high-speed frying. Produces up to 4 portions in 3 minutes with precision portion control. Features fuzzy logic temperature control, built-in lid, and cylindrical frying tubes. Designed for minimal oil spillage and no extraction system required. Fits CF215 chest freezer. Manufactured to order with 3-6 week lead time.

KEY FEATURES

- Dual swivel barrels with two cylinders per drum for portion control
- Fuzzy logic temperature controller for consistent frying
- Built-in lid and cylindrical frying tubes for quick dispensing
