| TRAY CAPACITY | MAXIMUM TEMPERATURE | TRAY SPACING | POWER SUPPLY |
| 8             | 90 C                | 70mm         | 230V         |

## PRODUCT OVERVIEW

The Smeg Humidified Proofer 8 Tray is designed for use with ALFA420/425 and ALFA625 ovens. It provides precise humidity and temperature control for consistent dough proofing, featuring 8 trays with 70mm spacing, heating up to 90 C, and dimensions of 800x800x930mm. It operates on 230V and supports professional baking operations.

## KEY FEATURES

- Designed for ALFA420/425 and ALFA625 oven models
- Maintains precise humidity levels for consistent fermentation
- Supports 3, 4, and 6 tray ovens
